

PACE GT

The PACE GT is designed to be a true light weight supercar with optimum ride comfort

- ✓ The PACE GT uses the latest engineering and production techniques to provide the best possible performance and quality for your dollar.
- ✓ The PACE GT is designed and approved for Australian road use and extensively tuned for class leading track performance.
- ✓ The PACE GT can fit up to a 6' 5" driver due to its intelligent chassis design and original body shape.

Absolute
PACE
Hand Crafted Supercars

- ✓ The PACE GT wears a highly accurate GT40 replica body with all the original features including inner body panels

PACE GT - Features

- TIG Welded Aluminium Semi-Monocoque Chassis featuring adjustable suspension mounts, seatbelt mounts etc. No substandard time consuming pop rivet panelling required.
- Premium Pushrod Suspension Design Front and Rear. Incorporating CNC Billet Aluminium A Arms & Uprights with a choice of Urethane Bush or Teflon Rod Ends. Standard brakes are large 348mm rotors, Brembo calipers and custom PACE spot caliper for handbrake.
- Authentic body shape with enhanced symmetry and crispness of detail. Even if you are building a modern styled GT40 replica you will still want to have the beautiful original body lines and the detail only found on an original GT40. Compare our body shape to our competitors so called "authentic" body shapes.
- Body consists of full gloss perfectly straight panels in Kevlar Composite Construction and original style inner panels for improved durability, rigidity and protection from water, dirt and debris. Inner panels are epoxy bonded to the outer panels. Even our roof section is double skinned for enhanced strength and improved appearance. Precision stainless alignment pins ensures perfect fit, finish and operation.
- Accommodates a large range of engine and transaxle choices. Engine: Ford Windsor, Ford Modular Aluminium 5.0lt (Coyote), Gen 3 & Gen 4 Holden/Chev engines from 5.7lt - 7.0lt, normally aspirated and supercharged. Transaxle: ZF, Porsche, Audi, Ricardo, Albins sequential. Custom engine and transaxle fitment available.
- Superior safety - with breakaway front crumple zone, high rigidity 6mm wall thickness cockpit safety cell and rigid housings to fully enclose and protect the twin fuel tanks. The advantage of increased torsional stiffness of a monocoque chassis design.
- Industry leading quality parts – Polycarb (Lexan) curved windows & shaped covers, CNC cut and TIG welded door hinges, engine mounts etc. Billet CNC roller fuel caps with separate lockable internal caps, classic analog styled electronic custom gauges.
- Superior weight distribution as the engine can be moved further forward and sit lower in the chassis than other replica brands.
- Intelligent self locating engine mount plates allow for flexibility and speed of installation. Includes additional mid drivetrain mounts for enhanced support for large HP installations.
- Build time is significantly reduced as every facet of the design has been optimized for quick and easy assembly. Full colour 200+ page build manual & DVD provided. Build time can be as little as 6 months part time.
- Enhanced interior space with combination of original body dimensions and Monocoque style cabin chassis section.
- Extensive testing and compliance work has been performed for street registration in Australia - Chassis Torsion and Beam, Body Panels, Suspension, Handling, Braking, Seat Mounts, Seat Belt Mounts, Bump Steer etc plus certified parts and accessories. Please contact us for recommended engineers to assist with registration in your state.

PACE GT - Kit Specifications

PACE GT Kit Specifications At A Glance	Base	Standard	Compre- hensive
(AVAILABLE Q3 2012)	\$29,995	POA	POA
Aluminium Semi-Monocoque TIG Welded Chassis: Billet Rear Brace, Removable Aluminium Firewall, Aluminium Replaceable Front & Rear Body Mounting Structures, Adjustable Radius Rod Supports for Rear Chassis Extension.	✓	✓	✓
Front & Rear Suspension: CNC Billet Uprights, CNC Billet Upper and Lower Control Arms, CNC Billet Steering Arms Single Adjustable Aluminium Anodised Coilover Shocks and Coilover Springs Custom Race Quality Wheel Bearings Balljoints, HD Teflon Rod Ends (Urethane Bushes optional)	✓	✓	✓
Body Panels: Nose - with black gelcoat inner panels, Tail - with black gelcoat inner panels, Roof - with black gelcoat inner panel, Doors - with black gelcoat inner panels, Anti-Intrusion Bars for Doors, Rocker Panels, Nostril Panel (Single or Double Nostril), Choice of Exterior Panel Colour	✓	✓	✓
After Sales Support: Full colour build manual 200+ pg & DVD. Phone & email support for both build & street registration support. In person visits to talk to our staff more than welcome.	✓	✓	✓
Suspension Hardware: Balljoints, HD Rod Ends, QA1 Single Adjustable Aluminium Anodised Coilover Shocks, Set Coilover Springs, Custom Timkin Race Quality Wheel Bearings		✓	✓
Steering: Steering Rack, Collapsible Column, Column Universal Joints and Mounting Bearings, Steering Arms, Splined Quick Release Boss, Vintage Steering Wheel		✓	✓
Brake System: Brembo Front & Rear Brake Calipers, 348mm Slotted and Vented Rotors, Braided & Stainless Steel Brake Line System Complete with all hardware, Triple Stainless Pedal Assembly with Brake Bias Adjuster, Twin Brake Master Cylinders, Clutch Master Cylinder		✓	✓
Body Mounting Hardware: Nose Mounting Hardware, Tail Mounting Hinge Hardware, Door Hinge Hardware, Stainless Front & Rear Clip Latches, Stainless Steel Body Alignment Pins		✓	✓
Windscreen, Windows & Covers: Approved Windscreen, Polycarbonate Headlight & Driving Light Covers, Side Windows with open flap and hinge hardware, Rear Cockpit Window, Rear Tail Window		✓	✓
Cooling & Fuel: Separate twin aluminium fuel tanks, Custom Aluminium Radiator, Pair Electric Cooling Fans, Pair Stainless Main Coolant Tubes, Pair Stainless Front Coolant		✓	✓

Tubes			
Standard Accessories:			
Pair Door Eyebrows, Pair Stainless Steel Door Handles, Wiper Motor Assembly with Wiper Arm and Blade, Dash Panel, Integrated AC System with Heater		✓	✓
Drivetrain:			
CV Joint Drive Shafts, Stub Axles, Billet CNC Aluminium Adaptor Plate with Polyurethane Mounts, Pair Engine Mounting Plates with Mounting Hardware, Shifter Assembly (For 016, 01E, G50, or ZF)		✓	✓
Rolling Package:			
All suspension components fitted and steering, brake rotors and calipers fitted.		✓	✓
Lighting:			
Pair Front Headlights with bulbs, Pair Front Headlight spring loaded mounting brackets (4), Pair Front Indicator Lights with bulbs, Pair Rear Tailights with bulbs, Pair Number Plate Lights			✓
Wheels & Tyres:			
BRM or Halibrand Pin Drive Wheels (15x8" & 15x10") or (17x8" & 17x10.5") Set of Three Eared Forged Knock-off Spinners, Set of Forged Steel Adaptors, 20 Forged Steel Lug Pins, Billet Aluminium Centre Caps, 2 x Sumitomo HTR Z III 225/45/17, 2 x Sumitomo HTR Z 315/35/17 or 15" by Request			✓
Handbrake Assembly:			
Complete handbrake assembly including custom PACE Logo Calipers, Caliper Brackets, Discreet Handbrake Handle, Handle Brackets, Cables, Cable Brackets, Balance Bar, Light Switch, Light Switch Bracket and all mounting hardware.			✓
Instruments:			
Full Custom Instrument Package including Speedo, Tacho, Pair Fuel Level, Voltmeter, Oil Pressure, Oil Temp, Water Temp, Oil & Water Senders, Fuel Senders, Speed Sender. Full electronic, led lit, classic style with double step chrome bezel & PACE logo			✓
Comprehensive Accessories:			
9 Hole Engine Vent Panels, Pair GT40 Period Correct Fuel Filler Caps with internal locking cap, Exterior Bullet Style Chrome Mirrors, Inner and Outer Rear Cockpit Window Surrounds			✓
Interior Trim:			
Pair Of Leather Covered (Ultrasuede Available) GT40 Chrome Grommet Seats with Aluminium Frame, Carpet Set - pre-trimmed and edged			✓
Body Fitment:			
Basic body panel fitment and alignment, doors fitted with anti-intrusion bars and fully hinging and latching, rear clip hinging with shear plates fitted			✓
